

Quantum Sod Delivery & Install Timeline Overview

At Quantum Sod, all sod is harvested **fresh** and scheduled for **delivery or installation within specific windows** — not exact times. This ensures optimal freshness, efficiency, and the right equipment for every job.

Here's How It Works:

Step	What Happens	When It Happens
 Order Confirmed by Phone	When you call 918.928.2631 , we confirm your order and assign a delivery or install window	Same-day during business hours
 Sod Cutting & Delivery Confirmation	Fresh sod is scheduled for cutting and final delivery confirmation is sent	Up to 24 hours before delivery
 Delivery Window	Sod arrives anytime within the assigned window (not an exact time)	Usually within 2–5 business days
 Install Window (if applicable)	Installation is scheduled after delivery is confirmed	Typically the same business day of delivery confirmation
 Need a Specific Date?	Booking early (up to a few weeks ahead) increases the chance of locking in your preferred window	Recommended for larger or timed projects

 Because all sod is cut fresh, we don't deliver outside of these coordinated windows. Planning ahead helps us guarantee quality and availability.
